SUNDAY SCHOLARS HAVE HIGH HOLIDAY

Five Churches Give Young People Merry Outing—Games and Good Things Fill the Day—Central Union Breaks Record.

The Sunday school children of Honolulu may well believe that Kamehameha the First was a great man, since he left such a jolly birthday to be kept. It has come to be one of the most joyous days in the year for the youngsters, and that it is still growing in juvenile esteem has proof in the fact that more of them enjoyed the Sunday school picnics yesterday than ever before. The electric car and steam railway excursions forming part of the schemes added to the pleasures of the festival day in the groves of Punahou and Pearl City. Although a few years ago Central Union church school was the only one holding an annual picnic and now four other organizations turned out to the number of nearly six hundred. Central Union yesterday broke the record in attendance of young and old at the merry-making on the grounds of Oahu college, Punahou, while at the same time the management was never more systematic and effective.

At none of the places of picnic was the weather unfavorable. General cloudiness made for comfort and the occasional showers were so light as not to interrupt the sports. Nothing but unalloyed enjoyment was to be noticed at any of the four picnics of which some details follow and the young people, with the utmost freedom allowed them by the managers, behaved so admirably that any exercise of discipline on the part of the elders was neither seen nor heard.

CENTRAL UNION PICNIC.

The festival of the Sunday school of Central Union church was held as of old upon the campus of Oahu college. Free tickets on the Rapid Transit cars were given out to the children at the church in the morning and at the college gate as they left the grounds in the afternoon. The picnic hours were from 10 a. m. to 4 p. m. It is estimated that between 1200 and 1400 people, young and old, were assembled. About 100 consisted of the Palama mission school.

Facilities for various sports—baseball, tennis, swinging, races, tugs of war, etc., were provided for the youngsters and were fully utilized. Some of the seniors, too, recaptured the spirit of youth and took part in contests of agility and skill. As may be judged from the huge organization for the purveying service, the feast that was served the middle of the day was both choice and elaborate. There were no less than sixteen committees in charge of the day, comprising an aggregate of 165 members. E. J. Walker, superintendent of the school, was the general manager, being ably seconded by Miss Yarrow, assistant superintendent. The various committees with their chairmen were as follows:

Reception—E. J. Walker.
Bread and rolls—Miss Margaret Hopper.
Meats—Mrs. John Drew.
Coffee—Mrs. H. L. Kerr.
Cake—Mrs. Jos. A. Gilman.
Walters—Mrs. C. H. Atherton.
Invitation—Mrs. W. L. Howard.
Carving—W. Colver.
Games—Henry Judd.
Games infant department—Miss Charlotte Hall.
Tents and tables—W. T. Paty.
Soda water—C. H. Atherton.
Lemonade stand—F. J. Lowrey.
Crockery and chairs—E. Benner.
Transportation—Jonathan Shaw.
Ice—W. O. Atwater.

An idea of the magnitude of the commissariat may be had from the fact that the supply of soda water was 176 dozen bottles.

Miss Yarrow, near the close of the day, spoke in high praise of the work of the committees, saying that since their appointment four weeks ago they had never asked nor received any advice, yet when the time came everything was ready and, as the result, every arrangement was smoothly carried out. On the other hand, among the committees Miss Yarrow was said to have done all the work.

THE METHODISTS.

The picnic of the First Methodist Episcopal church Sunday school was held at the Peninsula residence of B. F. Dillingham. There was an attendance of about 175 people—children, teachers and relatives. A special train of eight cars carried them from town and home again, being shared by the Sunday school of the Christian church. The young people had abundance of sport in various games and romping upon beach and sward. J. Alex. Lyle directed the competitive events. Rev. G. L. Pearson, aided by teachers and parents, looked after the general details. Refreshments were furnished

from the homes of the congregation.

CHRISTIAN CHURCH.

As already stated, the Sunday school of the Christian church went to Pearl City Peninsula in a special train with the Methodists, their picnic being held at the pavilion of the O. R. & L. Co. Fares were paid by and for just 200 people of this connection, whose Sunday school has of late made considerable increase.

The children amused themselves throughout the day with games. Baseball played by the children of a larger growth was a special feature, there being some good talent displayed. Pastor Muckley himself proved he had been at the bat before. Justice Galbraith made an excellent umpire and there was no dissenting from his decisions.

The Christians won by 21 to 5. In a junior match the Methodist boys won by 12 to 9. An excellent feast was turned out of domestic baskets in the pavilion at noon, an inexhaustible supply of aerated waters being found by the management. In the hands of Pastor Muckley, Superintendent Hall and the teachers, all arrangements worked to perfection.

GERMAN LUTHERAN CHURCH.

H. A. Isenberg placed his beautiful grounds at Wilder avenue and Punahou street at the disposal of the Sunday school of the German Lutheran church, for a picnic held from 2 to 6 p. m. This is the youngest of Honolulu churches, yet 40 or 50 children assembled, besides teachers and relatives in goodly number. Flags displayed in profusion on the lawn gave a gala appearance to the scene. Pastor W. Felmy took general oversight of the festivities. The children were in high glee, playing various old and new games. Prizes were distributed to the winners of contests at the close, when the young folks were treated to ice cream and cake. Pastor Felmy delivered a kindly address to the Sunday school.

The Portuguese Sunday school gathered at an early hour at the church, corner of Miller and Punchbowl streets. Through the kindness of S. M. Damon, the school was allowed to use his beautiful place at Moanalua and at 8:30 a. m., 175 parents and children, in eight wagonettes with baggage wagons, started for Hualamano. For eight years the school had regularly gone for their yearly outing on the railroad to Pearl City or the Peninsula, but this year they could not be accommodated, others getting in ahead.

The first part of the journey the weather was showery, but soon cleared off and the merry party arrived at the picnic grounds after an hour's delightful ride. The day was all that could have been asked for. The pavilion and ball grounds furnished an ideal spot for a picnic and holiday celebration, many saying it was the most suitable place and the best the school had ever occupied for the purpose.

On leaving the grounds three hearty cheers were given to Mr. Damon for his kindness in allowing the use of his grounds; to Lewers & Cooke, for the use of their fifteen horses; to the various committees and to all who so kindly assisted to make the beautiful day a happy one. At 4 o'clock nine teams in line carried homeward as happy a picnic party as Honolulu saw that day.

MONT BLANC SNOWSLIDE.

Crashing, tearing, roaring, sweeping everything before it, down, down, came the snow and ice from Mont Blanc's lofty summit. The little hamlet of Plus que Nitte is blotted out and lies beneath thousands of tons of ice. Great blocks that had rested for ages on Blanc's side, overhanging crags of crystal, pillars of curious design, all united in forming the great envoy of destruction.

The path of the suddenly loosed glacier is strewn with shattered beauty and jagged ice canons mark the way of the fury. Help from the continent is arriving and America of the United States has shown her sympathy for the unfortunate. Shiploads of Douglas Patent Closets are on the road. Thus speaketh Bath, the plumber.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without killing the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful

DRILLS WILL BEGIN TODAY

National Guard Now in
Camp With Hilo
Company.

The second day of the National Guard encampment was a picnic for the soldiers. Major McClellan made an order extending general liberty to the guardsmen, and the most of them spent the day at the races in Kaplani Park.

There was guard mount last evening as usual, but no drills during the day. The tents have all been pitched, the kitchens built, and the soldiers are making themselves comfortable now in true military style.

Beginning today regular drills will be indulged in. The event of most importance yesterday was the arrival in the evening of the Hilo Company. The members of that organization arrived a little after eight o'clock last evening and were immediately escorted to the camp by Adjutant Tracy. Cars were taken at King and Fort streets and the company arrived at the camp a little after nine o'clock. Preparations for their comfort had already been made. The Hilo company was recruited to its full strength and brought over forty-seven men.

W. A. Fetter, Captain, was in command, H. Ludloff is the first lieutenant and W. Beers second lieutenant.

SHALL WE DISPUTE

The Opinions of Scores of
Our Fellow Citizens.

Residents of Honolulu, like other American citizens, in making an investment want to be sure of getting the worth of their money. They want to know all the whys and wherefores, and in a direct ratio to the value of the investment they burrow and ferret until satisfied with the collateral. Take an instance in the realm of proprietary articles. If we know of a friend who has been cured we have some faith in the preparation; if we know of two or three our faith increases. If the cures reach scores all well known citizens, anyone who still maintains that there is nothing beyond ordinary merit in the said preparation, can safely be left to the care of his fellow tax-payers. If he wishes to pick a quarrel with them on the question of their judgment and veracity, he has ample opportunity in Honolulu to do so. Begin with this case.

Mr. H. H. Smythe, of Inter-Island S. S. Co., this city, writes to tell us that he was afflicted with a lame back for a number of years. "Ascribing the cause of this to the kidneys and hearing about Doan's Backache Kidney Pills, I got some of them at the Hollister Drug Co.'s store. They relieved me so much that I am perfectly satisfied with the result of having taken them, and can recommend the pills to others, suffering from backache."

Doan's Backache Kidney Pills are becoming popular in Honolulu because they are always endorsed by Honolulu people. Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes for \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Newfoundland Wreckers.

People living along the coast of Newfoundland are "wreckers" to a man—not in the criminal sense, but expert in stripping and unloading such vessels as are tossed up on their shores. In fact, they count on prospective earnings of this kind. Father Hennebury, priest at Trespassy, near Cape Race, was dining one day with the late Bishop Power, of St. John's. "How will your people get along this winter?" said the bishop. "Very well, my lord," was the priest cheerful answer, "with the help of God—and a few wrecks."

Italian Band in the Navy.

Read Admiral Rodgers, new commandant of the Brooklyn navy yard is not at all pleased with the band that has been sent him from Washington. The leader and all the members are Italians and none of them knows a word of English. Exasperating errors are made during the marching exercises of the marines, while the playing at all times is very bad. The pay in the navy is so low that American musicians will not enlist, so most of the recruiting is done at European stations.

CHANGE OF WATER often brings on diarrhoea. For this reason many experienced travelers carry a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with them to be used in case of an emergency. This preparation has no equal as a cure for bowel complaints. It can not be obtained while on board the cars or steamship, and that is where it is most likely to be needed. Buy a bottle before leaving home. Benson, Smith & Co., Ltd., wholesale agents, sell it.
